# New England's Historic Homes & Gardens

## **Synopsis**

"The history of New England indeed, the history of the United States can be experienced firsthand by visiting the homes and estates of the region's most notable residents. From presidents and war heroes to icons of American literature and the arts, the grace and grandeur of these homes offer a glimpse into the lives of the people who shaped our nation. In *New England's Historic Homes & Gardens*, Kim Knox Beckius and photographer William H. Johnson breathe life into the history of the region's thirty-six most important and picturesque homes, from the earliest homesteads of the 1600s through the Gilded Age mansions of the early twentieth century. By revealing the human dramas that played out within these remarkable homes, Beckius traces the evolution of the American Dream. Paired with Johnson's exquisite photography, the result is a detailed study of the architectural features, landscape elements, and ingenuity that make these homes examples of classic American style."

## **Customer Reviews**

"Kim Knox Beckius is a travel writer based in Connecticut. For more than a decade, she has taken readers on virtual tours, offered candid reviews, and provided lively weekly commentary on travel and events in the Northeast as the writer and producer for About.com's Guide to New England Travel. Beckius is the author of five books on travel in New England and New York State. The publication of New England's Historic Homes & Gardens combines her love of New England and passion for historic preservation."

Fabulous. The photography is so beautiful , and the historical narrative contains all kinds of good 'bits and pieces'. One can use it as a travel guide as well. Dynamite job !!!

If you love New England and the history of the place you must own this book. Beautiful Photos and very informative information. Love it.

This is a beautiful book full of wonderful images. I leave it out on our coffee table all the time.

Nice pictures and copy!

A friend gave me this beautiful book as a birthday gift. It has been the perfect thing to keep next to my chair and to pick up and read a bit at a time, since each house gets its own short chapter. I love reading about the homes and the interesting people who lived there. It makes me want to visit all of these places!
