Overlooked Disaster Preparation Tips: Learn The Most Ignored Disaster Preparation Tips You'll Need In Case Of An Emergency

Synopsis

Overlooked Disaster Preparation Tips (FREE BONUS INCLUDED) Learn The Most Ignored Disaster Preparation Tips You'll Need In Case Of An Emergency When things are going smoothly, it's easy to ignore the possibility of a disaster or crisis. But the simple truth is that none of us are exempt. There are so many possible types of disasters that we may face that the odds are high that we will encounter some hazard or threat during the course of our lives. These disasters may stem from severe weather or manmade incidents. They may be connected with terrorist attacks, the collapse of the economic system or national infrastructure, food shortages or droughts, even the onset of war or revolution. With so many potential sources of disaster, the only real answer is to be prepared. Overlooked Disaster Preparation Tips is a comprehensive manual that explores the measures everyone should take when preparing for a crisis. If you follow these steps, then you give yourself and your loved ones the greatest chance of survival in times of emergency. Plus, for most minor emergencies, these measures will ensure that you can weather the disruption in relative comfort and without undue stress. Follow these tips, and you'll be ready when the time comes to respond. If you want to cover all the bases and give your family the best chances of survival when the moment strikes, then this is the book for you. Here is a preview of what you'll learn:

- Preparing your home for a disaster
- The Disaster Kit Inventory and tips
- Response Plans
- Shelter in Place tips and techniques
- Disaster response when away from the home
- Physical preparations that weigh the odds in your favor
- Emergency skills indispensable in a crisis
- What Most People Forget when Preparing (Think vehicle maintenance, cash in small bills, insurance policies, and much more!)
- Water treatment
- Food handling, storage, and management
- The most needed disaster kit items that everyone forgets to include
- How to stay informed of impending threats
- Communication plans to keep connected with loved ones
- And so much more!

Customer Reviews

No great details, but a good primer for starting a preparedness plan for emergencies. Title is misleading as I saw nothing new here.

Great for those with little knowledge about disaster preparation. It contains a lot of good tips. Worth reading for sure.
