Restless Sea Lord (Legendary Bastards Of The Crown Series Book 1)

Synopsis

Book 1 Rowen the Restless is one of the bastard triplets of King Edward III. At birth, the king ordered them killed, fearing the superstitions of triplets being evil spawns of the devil who would only bring him bad luck. However, someone didn't want the babies to die, and the boys' lives were saved in secret. Now, over two decades later, Rowen and his brothers, Rook and Reed, are out for vengeance on the man who sired them and wanted them dead. Finally finding out the truth of being the English king's bastards on the night of Burnt Candlemas ten years earlier, the young boys' lives changed drastically as they were split apart in the turmoil that devastated their homeland of Scotland. Being stolen and raised by pirates, Rowen now commands a ship and works with his brothers who live in the crypts and the hills, to steal from the king and bring the riches to the Scots instead. No one knows that the legendary Demon Thief who manages to always disappear before he is caught, and who can even change his hair color from blond to red to black, is not one man, but three brothers, each with a small army of their own. Lady Cordelia of Whitehaven is a young widow who wants nothing more than to have children. She happens to end up in the wrong place at the wrong time and before she knows it, she's been taken captive by a pirate who has stolen her dowry that she plans on using to convince the king to let her marry a new husband of her own choosing. The sea captain is handsome and exciting, and protects her from being ravaged by his crew. While he's mysterious, Cordelia realizes he is very restless and has deep, dark secrets that disturb him. She hopes to uncover the secrets of the restless sea lord because she sees a noble man trapped inside, making him more of a prisoner than her. Be sure to pick up the rest of the series - Destiny's Kiss (Prequel), Ruthless Knight - Book 2, and Reckless Highlander - Book 3.

I read the prequel to this book in "Under The Kissing Bough" and was intrigued with the birth of the triplets. This was the first Elizabeth Rose book that I had read and I was thoroughly hooked and I bought "Restless Sea Lord" to continue the saga. I was not disappointed as this story had everything a reader could want - pirates, an abduction, action, intrigue, romance and a storyline that had me reading through out the night. I am very excited about reading the 2nd book in this series as soon as it is available, but in the interim, will try other books by this author as I enjoyed her writing so much.

Elizabeth Rose has once again written the first book in a new series that will have wishing the other books were already written!! Restless is Rowen's story. He is the first born of a set of triplets in time when superstition feared twins, let alone triplets. If that wasn't cursed enough, they were the bastard sons of a king. A king who ordered them killed at birth. Rowen and his brothers are raised to

hate the king not knowing he is their father. Finding that fact out at 12 sets them on a course that will separate them to be raised quite differently and then brought back together, determined to destroy the king and all he holds dear. Enter one Lady Cordelia into the mix. She makes him question all his preconceived notions of hate and jealousy. And loyalties will be tested. Looking forward to Reed and Rook's stories. Curious to see the path this tale will follow to its conclusion. Well done Ms. Rose!

Loved every second of this book and didn't want it to end. A intriguing, compelling characters and riveting story. Reading this book is like going back in time for she touches so many emotions from the beginning to the end. 10 stars and well worth buying. Debi Allen

Fast paced. Good read. Rowan was amazing. Great character. Cordelia was fine at first but became very whinny for me towards the end.

The title of the Series drew me in and I pre-ordered all 3. I have not been disappointed. I have read the books in order and so glad I did. So love the storyline. Love all the characters. I get suspense, romance and humor all rolled up into each book. Love your books Elizabeth Rose. You were a new author when I first started with this series and since then I have purchased many of your other books. Thank you for sharing your gift with all of us.

I love this first book in the series. Read it straight through. I have book 2 to read and have preordered the third. These are the first books I have read from this author and love them!

The book flows!! I like it because the author adds in real facts from that time period! It also reminds us how formal that time period use to be! Loved the book and am now finding books from that same time frame and the same author!!
