Annie's Verdict (Michael Gresham/Annie Gresham Series Book 1)

Synopsis

Attorney Michael Gresham has a new go-to person. Her name is Annie and she's twelve. Annie is a savant. She can look at you and, like her idol, Sherlock Holmes, tell you where you're from, whether or not you're happily married, and where you went to school. But now she must use her skills to discover who murdered her entire family, because it looks like the killer was actually looking for her. Annie must profile the killer before he kills her. It will take all of her brilliance and all of the lawyering skills of Michael Gresham. But will even that be enough? At the last minute, Annie spins out an entire universe of killers and leads Michael Gresham to their door. Now the door must be opened. ANNIE'S VERDICT is book 1 in the USA TODAY bestselling author's thrillers featuring Michael Gresham and Annie Gresham. "Spellbinding legal/psychological thriller. If you only read one book this year, make it this one!" American Institute for Justice

Customer Reviews

This was an entertaining read and I'll probably read more in the series. The story line was clear and easy to stay with, the editing much better than A Place At The Table.

I loved it. Can't wait to read more about Annie.
