Mary, The Mother Of Jesus

Synopsis

A beautifully illustrated picture book portrayal of the life of Mary, mother of Jesus. Mary has captured the hearts of people throughout the centuries. Great cathedrals have been built in her honor. Many Christians venerate her image. Nearly 80,000 visions of Mary have been claimed since the third century AD. Drawing on scripture, legend, and tradition, Tomie dePaola re-tells the story of Mary's life in fifteen beautifully illustrated, child-friendly segments. This is a fixed-format ebook, which preserves the design and layout of the original print book.

Customer Reviews

Every home should have Tomie dePaola's books in them. His illustrations are so perfect. He brings a warmth to his characters that makes them more endearing. This book is out of print so snag a copy when it comes up for a fair price.

This book's illustrations are touching without being sappy. The illustrator even represents the

martyrdom of the Holy Innocents in an age-appropriate, empathetic way. Paola brings the mysteries of Our Blessed Mother to life for children. The book is most appropriate for children in grade school; I bought a copy even though my kids are very little because this book is out of print and might be hard to find in 5 years.

I can't believe this has now gone out of print. All the used copies are going for outrageous prices--I'm glad I got a copy just before the inflation started. This will surely become a collector's item. I hope a publisher adopts this precious book and brings it back into print soon, along with The Lady of Guadalupe! De Paola's artwork is understated and engaging as always, and this quiet little book is a sweet, age-appropriate tribute to the Mother of God that your children will love.

Beautiful book, well written with unique illustrations. I read this to our 5th grade Catholic class for Mother's Day in honor of our Mother in heaven. The children enjoyed it very much.

One of the best books for children. My daughter loves this book!!!

Beautifully done, hitting the highlights of the Virgin's life. Each page is like a mini-story, although we tend to read it all the way through!

Mary: The Mother of Jesus is a Catholic classic included in children's literature studies such as Catholic Mosaic by Cay Gibson and Elizabeth Foss' Advent study. Tomie de Paola is not only a fabulous children's author, he is a great artist as well. This book should be included on the bookshelves of Catholic children everywhere.

Tomie DePaola does a remarkable job with the Bible and his incredible art. Mary comes alive!!!!!!Martha
