Tom Horn: Blood On The Moon : Dark History Of The Murderous Cattle Detective

Synopsis

Did Tom Horn kill Willie Nickell? He was a death sentence to rustlers and the devil incarnate to homesteaders in late nineteenth-century Wyoming. Did Tom Horn commit the 1901 murder of the fourteen-year-old son of a sheep-owning homesteader who had stolen from the cattle barons ranges? If not, who did? Cheyenne author Chip Carlson, in this, his third book, answers these questions and others with the monumental results of more than ten years of research into primary sources. Who were Tom Horn's other victims? Was there collusion on the part of three governors in two Colorado murders? How could the jury return a verdict of guilty in Tom Horn's trial in the face of evidence that someone else was the killer? Why did Tom Horn's parents flee to Canada? Was there jury tampering and bribery? Why did Tom Horn say I would kill him and be done with him? What was the role of schoolteacher Glendolene Kimmell, and where did she end her years? Tom Horn, the most notorious of Wyoming's range detectives and a pre-eminent name in Wyoming history, operated unchecked until he was arrested for the murder of Willie Nickell. The murder and questionable nature of Horn's conviction still ignite firestorms of controversy in Wyoming. Before he was hanged Horn said, I have lived about fifteen ordinary lives. I would like to have had somebody who saw my past and could picture it to the public. It would be the most god damn interesting reading in the country. Now author Chip Carlson provides that reading.

Book Information

Paperback: 379 pages

Publisher: High Plains Pr; First Edition edition (September 15, 2001)

Customer Reviews

"...with this latest work he [Chip Carlson] must be considered the authority on Tom Horn. This work is a definite must for those interested in outlaws and lawmen as well as for those who love a

mystery. The question of Horn's guilt or innocence can still be the reason for arguments in Wyoming today." --Chuck Parsons, National Association for Outlaw and Lawman History, Inc.

Wonderfully researched, that fills in the fascinating details concerning the legendary Tom Horn, a simple Cowboy with an amazing story to tell. Well worth the price of admission, highly recommend.

Well written book about the last of the cowboy's and being railroaded to his death.

This book will enlighten you about the greed associated with the old west.

I buy every Tom Horn book I can find. This is a good one.

... for those who are interested in western history. Was Tom Horn innocent of the crime for which he was executed? Probably. Was he a fine, upstanding gentleman who never committed any heinous acts? Absolutely not. The book is well written and well researched and very interesting for those who are interested in such things.

This book seems to be very well researched and written. In the past I've read a lot about Tom Horn and his trial/hanging. However, I learned a lot more from reading this book. Actually, this is the first book that I've read on this subject that points strongly to the real culprit in the shooting of the boy.

I really liked this book. I always felt that Tom Horn was a scape goat in this incident. It sounds like his biggest problem was his arrogance. I think in a story like this, there are a lot of "ifs" and "what ifs". I was unaware of the Victor Miller side of the story. A good read overall.

Well researched....Tom Horn fans will like it.
