Summer is here! The warm days of summer have arrived, and that means Laura gets to spend fun-filled days outdoors!

The Little House books tell the story of a little pioneer girl and her family as they traveled by covered wagon across the Midwest. Laura Ingalls Wilder's classic books, illustrated with Garth Williams' timeless artwork, have been cherished by millions of readers ever since they were first published over sixty years ago.

My four year old daughter is just getting to know Laura through these books. She brings this particular story to me more than any of the others. It is so fun to read them to her. I am looking forward to starting her on the classic novels once she is a bit older.

Pleased with purchase

I bought this as a gift because we have the Winter in the Big Woods. This is a perfect introduction into the world of Laura and her family. My kids love having these read to them and now are asking (and enjoying) having the full books read to them. Wonderful series!

Love reading the Laura stories with my young kiddos...much better than so many princess stories!

Whist these came in an affordable set.

This is a nice way to present a chapter of Little House in the Big Woods - less reading and more pictures. It is good for readers who are interested in the series but not ready to read a chapter book, or to use as an introduction or summary of the chapter. I am very satisfied with the book!

Very good adaptation for a developmentally delayed student. Love the illustrations.

A perfect introduction to the Little House series for my 5 year old.
