A classic and comprehensive text.

It's a huge book and it's a good thing because there are a lot of art printed on its pages. It makes it easy to see details of art pieces, which it has plenty of. Great book for Asian art class. Many of it are on Buddhist art, which I'm a fan of. It's a bit heavy though and I couldn't imagine carrying this around with me on campus all day.

Another beautiful Asian art history book. I needed this book for my Asian art history class and still have it because the photos and information are beautiful and easy to read and comprehend.

The book covers a very interesting topic of Islamic art. Unfortunately, it is not as thorough as I would like it to be, but still, it does a good job of introducing people to the art of the Islamic world.

Much needed textbook, was received by me in good time and in good condition! Thank you!

Nice and fast
