What Was Pompeii?

Synopsis

The morning of August 24, AD 79, seemed like any other in the Roman city of Pompeii. So no one was prepared when the nearby volcano Mount Vesuvius suddenly erupted, spouting ash that buried the city and its inhabitants. The disaster left thousands dead, and Pompeii was no more than a memory for almost 1,700 years. In 1748, explorers rediscovered the port city with intact buildings and beautiful mosaics. This easy-to-read account is gripping and includes photos of the ruins.

Book Information

Lexile Measure: 940L (What's this?)

Series: What Was?

Paperback: 112 pages

Publisher: Penguin Workshop (March 13, 2014)

Customer Reviews

Jim O'Connor is the author of *What Was the Battle of Gettysburg?* and *Who Is Bob Dylan?* He lives in New York City.

My son started this series last year when he was in third grade, he still loves it.

Daughter loves the book, nice addition to the "Who Was" series

Since hearing a song about Pompeii, my daughter has been fascinated with the subject. She read

this book and another in one day. Impressive for a child who is not too fond of reading. The story has also encouraged her to read more books about history.

Pompeii has been an interest of mine for some time and I enjoyed sharing this interest with my daughter by reading this book with her. The book was very accurate and it held my daughter's attention. I believe I learned a thing or two as well!

Great book to get your kids learning about Pompeii. It kept my 9 year old engaged and wanting to read more.

This was a great book to read. It is making me and my family want to go to Pompeii. You should read it to.

This was such a good book, it taught me so much more about Pompeii that I wanted to know. I love it!!!

it teaches you about Pompeii and it shows you pictures at the end and it's a really good book to read
