Customer Reviews

The authors went straight to the bicyclist's heart with the new restaurant listing. You won't find chain restaurants in this listing, but a lot of variety and interesting cuisine. There's a lot of information in here (the book was expanded by 60 pages), so we spent some time arranging it in the most readable format possible. The color maps have also been tweaked and cleaned up. Overall, Bicycle Vacation Guide is packed with information and, if we must say so ourselves, quite a sharp looking book.

We researched a number of new trails, but added only the most interesting. The Mesabi Trail in Minnesota's Iron Range is fascinating because it defies most of the standard rules about rail trails. It dips and rolls and winds through back streets of small towns, and it stays close to the mining history of this part of Minnesota. The Lake Wobegon Trail is named after the fictional town in Garrison Keillor's *Prairie Home Companion*, and the characters and lifestyle are all there big as life. We had a lot of fun updating and adding to Bicycle Vacation Guide.

Bicycle Vacation Guide: Minnesota And Wisconsin a resource packed with everything the avid cyclist needs to know to plan a local vacation on two wheels. Packed with colorful maps, lodging information, suggested vacation activities, directions, recommendations, contact information, trail descriptions, and much more, Bicycle Vacation Guide is set up to let the reader pick and choose what places he or she wants to visit most by pedal. An excellent and up-to-date vacation guide.

Now in a fully updated second edition, Doug Shidell and Vicky Vogels' Bicycle Vacation Guide: Minnesota And Wisconsin has everything the adventurous cyclist would want or need to know about biking the trails and byways of two premier upper Midwest states. If you want to go biking anywhere in Minnesota or Wisconsin for fun and healthy exercise, begin planning for your cycling excursion by reading Doug Shidell and Vicky Vogels' Bicycle Vacation Guide!
