Average Customer Review: 4.9 out of 5 stars 9 customer reviews

Best Sellers Rank: #1,624,013 in Books (See Top 100 in Books) #76 in [Books > Science & Math > Biological Sciences > Animals > Birds & Birdwatching > Excursion Guides](#) #1035 in [Books > Sports & Outdoors > Nature Travel > Ecotourism](#) #1457 in [Books > Travel > United States > Northeast > Mid Atlantic](#)

Customer Reviews

If you're a nature lover or a photographer, or both, you will really appreciate this guide. Especially useful if you live in or near New York State. Gives precise regional information on wildlife viewing, where and when. Inexpensive, and well worth the money.

Awesome book. Love the layout and the maps

This is a very nice, very informative book. It gives nice information on many different animals of the state, as well as the places to best view them in the wild. I purchased two copies of this *for* *one* for myself, and one for my son and his family. I believe we will enjoy the fruits of this publication for many years to come!

I bought this book for my son and his daughter to help get them out exploring wildlife in the region surrounding where they live in NY. It worked. They have made two trips so far in two months and

plan at least a few more this Spring.

Very illustrative and informative. Well worth the money...Would highly recommend to NY outdoor folks.

I like it, handy to have in the car when traveling around the state & even locally on Long Island.

Fantastic, tells you where to find the animals you want to watch

What great book i love it.
