Customer Reviews

Received this book today ~~~ read entirely in one sitting. Very interesting, informative, well written, and a great source for Disney History. A must if you are a DISNEY NUT and a wonderful add to my Disney Collection...

What a fun read! I really enjoyed it! I learned some interesting facts and I can't wait to go back to Disney and look for some of the things mentioned in the book!

This was a fun and interesting book about Disney...lots of interesting things that I did not know...well written....easy to read...makes me want to go back to Disney!

Family reading fun!

The book is fine if you just need a quick and free Disney fix, but it's riddled with grammar issues and numerous typos, especially as the book winds down. There aren't really any surprises here, even for the most casual Disney fan, but the book is free and I suppose it's nice to have even this remedial info collected in one spot. One glaring error really bothered me, though: the author states that George Lucas directed Captain EO. Anyone who knows their Disney history, or has stood through the pre-show video knows that Francis Ford Coppola directed it, while George Lucas (along with Michael Jackson) came up with the story. (Sort of a petty nitpick, I know, but if you're going to "reveal" Disney "facts," then you should probably know what those facts are. Recommended if it's free. If the author starts charging for it, spend those pennies elsewhere.

I bought this book for a quick fun read, and was surprised it had so much substance. We are going

to Disney World next year and I will have fun looking for the hidden easter eggs in the Disney Parks that I would not have otherwise noticed.

fun info and a quick read

I loved reading the book! Also I think that the writer/ writers did a fantastic job on telling about the secrets and facts about Disney World! five stars
