Exactly what was needed.

Satisfied.

Great supplement to the Advancemos textbook! My son needed this workbook to supplement his Advancemos textbook and he will begin work in it this week. I looked over it and have determined that it will be very useful for him in learning Spanish. The pages are perforated, shrink-wrapped, and the package comes with laminated unit vocabulary study "cards."

The book arrived as expected and in the expected condition. More importantly it arrived in time for my son to complete his assignment for school.

Great workbook and came super fast.
