## Customer Reviews

This is a lovely book, filled with 24 verses of encouragement and faith, from the Bible and each is highlighted with simply drawn flowers in a variety of patterns, most simply frame the verse, a few others create patterns like the cover page. This book is not for everyone, these are simple images, they are not intricate or detailed, and each image is a nice morning or afternoon project. This would make a thoughtful and wonderful gift, offering encouragement to someone going through a rough time.

1. 24 Illustrations printed one per page (The back of each page is blank) on medium weight bright white paper.

2. All markers and some Gel pens will leak through this paper; I place a piece of paper under the page I am coloring to prevent damaging the next page.

3. Colored pencils, Gel Pens, or Ultra fine markers work well in this book.

Coloring is relaxing but I've just discovered 'adult' coloring books. This book has beautiful pictures with lovely verses that just make you want to bring them to life with color. I like too that the picture is

only on one side of the page all the way through to the book so you don't have to worry about color coming through to another picture. Would definitely recommend it.

I love coloring in this book but the same flowers in every design is a little boring. However, it is helping me cope while hubby is in hospital.

I bought this together with Faith in Color book. I love all the verses. I like cos its very simple. I highly recommend it to those who want to start coloring.

Got my book this week and I love it! It includes so many of my favorite bible verses and the pictures are beautiful. Looks like the images popped straight out of Pinterest! Will highly recommend this book to other women looking for a fun, stress free hobby. It would even be a great gift for my friends with older girls and teenagers who are artsy.

What a great find to have beautiful scripture verses and detailed, beautiful pictures in such a relaxing activity. I'm recommending this book for teen and adult Sunday School classes at our church. This is the first adult coloring book I've bought and I'm finding it just as relaxing as they said. I'll be back for more, especially from this author.

**Likes:** The pages are very simple to color. Nice choice of book to color if you are not in the mood for complicated coloring.  
**Dislikes:** poor paper quality (very rough and thin), tiny tiny details especially most of the smaller words (that LOVE page killed my fingers, my pencils, my sharpener, and my eyes), lots of blank pages at the end, repetitive designs of leaves and flowers (a little too much), feels flimsy and too lightweight that the pages you are coloring will have the tendency to bend or have grooves. Otherwise, just have patience and have fun and you will end up with some cute pages that you could hopefully put in a frame to hang (I haven't tried it but that was one of the reasons why I bought this).

The pages in this book are way to thin for adult coloring. The only thing you can use to color this book is colored pencils. I like to use ultra fine markers and gel pens to color in my books. If you use these the paper is so thin the colors bleed, especially dark colors. In the photo notice especially the dark green leaves and darker blue flowers. My friends also like to use markers even though we like colored pencils too. For the price of your book it should have much better quality paper. Although I

really like the subjects of your books I doubt seriously I will buy any more of them. I'm sorry for the bad review. I did keep the book and will use colored pencils for it and if you improve the quality in the future I may purchase some more.Thank you
