Customer Reviews

I love the idea of coloring books with swear words. This is the first sweary book I bought. I admit I bought it for the owls. The designs are pretty cheesy especially the cats and dogs and not necessarily in a good way either. The designs look like no thought were put into them. The owl designs are better than the cats and dogs. Another flaw is that you really can't remove the pages from the book. Markers do bleed a bit through the paper but it isn't too bad. I find myself enjoying more complicated designs than the ones found in this book. Not a great book but not a bad one either. At least it is a good way to kill time on a rainy day.

I love this silly little book! The size was very shocking! Bigger than I expected. I Love that I can use markers on each page because it is one sided. The photos are so fun, the animals are so cute! They

words are a variety and I am truly enjoying it. The words are different and I enjoy that the pictures are simple. They are not over complicated or overly simple! It was so fun to do my first page! I will enjoy this Book a lot!

I bought this for my 55 year old mother and she absolutely loved it. I've never seen her giggle so much. Don't buy it if you don't have a sense of humor.

Cute book. Nice big pictures with naughty words and phrases. The drawings are a little "kiddish" looking but still a decent coloring book. Pages are thick. Not sure if it would bleed thru with sharpies as I don't use them but I believe they will hold up.

Love the coloring book and it is a great addition to anyone's collection. The seller was prompt and shipped very quickly. Arrived before the date specified. I wrote a different review but it couldn't be posted so I revised the whole thing. Overall great book and you will not be disappointed !

Bought this for my daughter to has MS - gives her a laugh on her "rough" days!

Wonderful! I already had the cat book and was just about to get the owl one and then what should come across my email...a link to all three...Yea! And as with all of the artists books the designs range from cute as heck to quite nasty if you think about it. I love it! So hard to decide which to do first though!

Smaller book then what i would have liked. The pages are pretty thin so have to be careful from what i use to color with. I do really like this product tho.
