Customer Reviews

This was definitely one of my best purchases! The book was in perfect condition, the text and translation is the right font and is very informative. I appreciate the fact that the index has two sides, one chronological side and the other alphabetical. The preface is very educational and shows a singer how to approach performing the delicate genre of melodie. I highly recommend this book for any level singer who shows an interest in Faure, Melodie, or building up their repertoire library.

Just the book I wanted.

Great book; there are a lot of songs to choose from. I could not find a better book for myself and my students.

This book is so so lovely for the soprano voice!!

Shipping is fast and the book is in good quality. Although the first time I got the Medium/Low voice one.

Perfect

Nice clean edition with helpful notes.

This collection is your typical Faure. Though I wasn't 100% pleased with the selection, I thought the number of songs in the book made the purchase worth it.
