I really enjoyed this book. Even though I'm far from a hockey novice, I learned quite a bit that I didn't know about the history of the game, as well as interesting aspects of the equipment. This book is well written, and the authors do a great job of bringing the game to life through fascinating player

and coach stories. The book expands beyond the NHL by discussing hockey leagues in other countries, as well as women and minorities throughout hockey history. Very entertaining.

Bought this book for someone who knows nothing about hockey he loved it

Where I come from Hockey is the biggest sport so I just had to get this one. It did not let me down! Great book full of hockey trivia and interesting stories from the players, NHL, KHL and even SHL! I strongly recommend this read for hocky lovers.

A very comprehensive book on the history of hockey. It was interesting to know of all the leagues and divisions. Most interesting was the short biographies of the NHL legends!

Really fun book to read to try to learn how to combine modern hockey with the game of 20 or

What a great read! I've always been an avid fan of the sport and found this e-read to be a quick and light read, while still gaining new insight onto a sport I have followed since I was a kid! I'll be sharing it with my brother, who plays year-round. Go Blackhawks!
