Cole

Synopsis

Cole Turner left the Rocking T that morning to spend a couple of days with his brother and niece in Garden City. It was supposed to be a time of relaxation after having spent a few days moving those cattle to market. Any thought of quiet time vanished when he opened the door to his brother's house.

Customer Reviews

I have the book only a 3 rating, because the story had a good premise, but it was a bit simplistic in the telling, and even I could have done a much better job of editing it. I did appreciate the way the "sexual" parts were tastefully written.

Like most of his books it was a good read despite talking about God but still having pre-marital sex. A good western never the less.

Words can't describe how bad the dialog is. The story could be really good. Presentation is everything the author needs more practice. To cut and dried.

All of this mans books are good easy reads

I liked this book because it brought out the old west an some of the hardships women had to face..plus it had some good ole romance

Good book enjoying the read

Excellent story, very interesting characters,at times the story ran on a little long,but otherwise very good reading. Would recommend to all my friends.

I liked the story
