Synopsis

Excerpt from *Camp Fires in the Wilderness: Valuable Information for Campers and Sportsmen, With an Account of Travels and Adventures in the Wilds of Maine, New Brunswick and Canada* Very year, when the summer time draws near, one's thoughts turn to the woods, to the lakes and streams, as the ideal place in which to take a summer's vacation, and to those who wish for information on how to dress for hunting, fishing or camping trips, what to provide for cooking utensils, provisions, bedding, fishing tackle or any other topic in connection with camping out, this book is dedicated, with the hope that someone who may read its pages will be persuaded to make a camping trip and find out, as I have done, that there is no recreation more profitable to one's life, health and happiness than living in the woods and roughing it. Customer Reviews

Hello Sir/Madam,I now live in the Township of Machias Maine. . I have acquired some old local books "for" our Museum. . I would please, respectfully, request to know who you are, a summary

(brief!) of what you have written. For clarification I feel EXCITED to hear your wisdom as, you know, so many young people have no clue of life close to the earth. Very close. I am 55 years young, raised by Grandparents, GrandUncles, Aunts. From Virginia, Iowa etc. . before the war. . I'd love to build out "town's" history" with gifts to the Museum for posterity's sake. . FIRST however, I really want to read the book! I am a NORMAL selfish human being! His blessings and peace be with you and yours always, andrejrigoli@hotmail.com Andy Rigoli
