Cute Poodles, Sweet Old Ladies And Hugs: Veterinary Tales

Synopsis

Dr. P. J. Miller's story is unique. Growing up in New York City, who would have thought that he'd complete his veterinary degree at the Royal School of Veterinary Studies in Edinburgh, Scotland? In *Cute Poodles, Sweet Old Ladies & Hugs*, Dr. Miller has assembled a "greatest hits" of veterinary tales—stories that include colorful clients, wisecracking hospital staff, and pets that aren't always friendly. *Cute Poodles, Sweet Old Ladies & Hugs* provides a humorous look at what Dr. Miller went through to become a veterinarian and his daily life as a doctor, told only as a typical New Yorker could. Underneath the humor, Dr. Miller gives a glimpse of how strong and emotional the human-animal bond can be, becoming an instant must-read for any aspiring veterinary professional or animal lover that wants to know what it is really like to be a veterinarian. See his website for further information about the book and for more veterinary tales <http://www.yodrmiller.com/>

Customer Reviews

A great cover, great stories, perfect writing style, and a lot of cute, fuzzy animals. What more could someone want? I was howling with laughter at times as I read this book, some of the stories harkened back to myself and my Pomeranian. Dr. Miller doesn't only tell stories, however, there are anecdotal references to things that will help you to take care of your own pets. Unexpectedly, I learned quite a bit from this little ditty. It is certainly something you can read through in one sitting, but I found myself taking breaks to laugh and tell others about what I had just read.

This book is **HILARIOUS** and is a quick read. This delves into the somewhat secret, mostly misunderstood world of Veterinary medicine. Its not all puppies, kittens and rainbows...but he describes it in such comedic detail. Would highly recommend!

A comical book with message about a special bond between human and animals. A cute book where the author explains his adventurous and hilarious journey of becoming a veterinarian and his daily life as doctor. It is also a guide book that is given by telling real stories. A simple easy to read short fun to read book. A great read of animal lovers!!

What a **GREAT** book! I laughed a lot.. I cried a little. The doctor's personality definitely shows in the book. It was also very informative. I can tell that they go above and beyond at that practice. Keep up the good work!

This book is very funny and very enjoyable to read. The stories that Dr. Miller tells are also quite informative and give you a realistic idea of what it is to run a veterinary practice. I highly recommend the book as it gives you the trifecta of great effects; funny, interesting and educational.

This was a short easy read. Very entertaining if you are an animal lover. A real "feel good" book. Would have liked more cases.

Made me laugh. Very easy reading and finished it quickly. I didn't realize how the people that work in the veterinary field meet some very interesting clients and the stories that they tell. I wonder if all veterinarians have stories like these.

Very funny! Couldn't put it down.
