Customer Reviews

This is literally 4 lengthy lists, with absolutely no categorization within the hodge podge (under Restaurants, for example; it's all one giant moosh of cuisines and areas) no descriptions beyond a general word or two -- and no websites, just phone numbers. That means you'll have to do hours of additional online research just to figure out what something is and whether you're interested or not. The lazy author should hang his head in shame.

Did not have any maps or descriptions etc and bought it for my son who just moved there. Total waste of money

I was expecting a guide, as in the title. Not a list.
