Customer Reviews

Public Relations does a better job than any other text I've seen of helping students feel a part of the profession they are entering and connecting them to the best resources the profession has to offer in terms of ethics and professional development. The text is relevant and full of great examples. -- Lisa Lundy, Louisiana State University "Public Relations is the textbook you've always wanted. It covers all the important aspects of public relations thoroughly and in a style of writing that appeals to a younger audience wanting to learn more about our profession." -- Kirk Hazlett, Curry College "I

would strongly recommend Public Relations, primarily because of its digital emphasis, its pedagogical features, its emphasis on both strategic and tactical communications, and its relevancy to contemporary public relations practice."--Shirley Staples Carter, University of South Carolina

Tom Kelleher is Professor and Chair of the Department of Advertising at the University of Florida. Kelleher has published in many scholarly journals including Public Relations Review, Journal of Public Relations Research, and Journal of Communication.
