Cat's Night Out: Tails From The Federal Witch

Synopsis

Catherine Moore, Cat to her friends, trained with her friend Agatha Blackmore to be the best FBI Agents to ever graduate from the Academy. When Agatha left for her Probi assignment Cat had one of her own. A serial killer stalked the South. Sometimes it takes a Monster to catch a Monster. Read this and other Tales from the Federal Witch Universe today!

Customer Reviews

Some of the short stories are a bit too short. If Cats field agent gave praise and was kind why did she say the experience was bad in book 3? What did cammie do to her sister after all those evil thoughts? We know what she did to her niece. Could she have been responsible for her brother in law death? What does feeding the unicorn really do? Is he like gremlins or something. Is the tree still in grandma's house and does the little witch still talk to him? And why not a Chuck short letting us see if the camp feed off him or tried to thrall him? I could have sworn in the main books cat actually bit his junk not just hovered over it with tooth and drool.

This collection of short stories includes most of the characters from The Federal Witch. It is all backstory and explains some of the references from the first three books about Agatha. My favorite was "Cat's Night Out" about Cat's work as a probi on the serial killer case. Lots of fun and recommended to readers of the first witch openly working for the FBI not as a contractor.

This is an anthology of stories from Federal Witch series. The author tried to be cute by focusing on the were cat and calling it "tails from the federal witch. In trying so hard for the pun he confused the potential reader. Most of the stories are not about Catherine and instead either are about or include Agatha the witch. These stories are a good introduction to new readers who want to sample the Federal Witch series. They do not require being familiar with the series although that is likely helpful. For fans of the series this includes several background stories that are entertaining.

Each titabit or story is about Agatha, the witch who attended Federal Bureau of Investigation and her family and friends that gives the readers a little more background about the series. The characters are given more depth to make the stories relatable to the readers. I would highly recommend this to flesh out the characters in the series.

I read the first book, it was ok. Not great, but it had potential. Book 2 was good. Good enough that I bought it, even though I could read it free. Since then, I have bought the rest. This is a fun series. A bit more proofreading would help, there are some grammatical errors.

You need to have read "Born a Witch, Drafted by the FBI" to follow the stories in "Cat's Night Out", but they are really enjoyable stories. I highly recommend the whole Federal Witch series by T.S. Paul.

This is another set of great stories set in the Federal Witch world. They add pieces to the other stories and give you a look at what happened to Cat Moore while she was a Probi

Grwat read, short stories that fills some gaps in the main storyline. A must to any who already read any of the other books and an easy introduction to those who haven't.
