ISBN-13: 978-4058000151

Package Dimensions: 9.4 x 7 x 0.7 inches

Shipping Weight: 10.6 ounces

Average Customer Review: 4.3 out of 5 stars 9 customer reviews

Best Sellers Rank: #281,054 in Books (See Top 100 in Books) #57 in [Books > Crafts, Hobbies & Home > Crafts & Hobbies > Toys & Models > Miniatures](#)

Customer Reviews

Japanese text

In any case, the vendor had the best price and they did confirm the correct title by providing the ISBN number. The book is in Japanese. The photos are beautiful and highly detailed. There are many pages at the end which give step by step instructions in making various food items such as brioche, tarts and bread. There are also tips and listings of tools and materials that Tanaka uses in his miniature construction. Given that this is a master of miniature and finding "how to" books of his work outside of Japan is quite difficult, this book is a valid purchase. It provides a never ending source of ideas for the miniature lover.

This book exceeded my expectations. Great photography. This man is so talented and the miniatures look so real that you have to look twice to make sure it is not real size. It is all in Japanese, but you can figure out how to do things with the step by step pictures. I will buy the second book too.

Shipping of the book was fast and efficient. The book itself has lots of lovely pictures, however, I thought there would be more instructional pictures towards making the artisans' gorgeous minis, not just only a few.

Excellent photography with step by step instructions. Lovely book!(Unrelated to the author, I direct this next comment to the publisher: I wish it was available in English! I don't read Japanese and online translators are not very helpful)

This book is super awesome for the people who love to make miniature food, but do not really know how to make it. It's worth to have it!

Can't read but pictures ok

Nice pictures, very well done, pity no translation. Very talented artist!

This book is just amazing. A must for everyones collection.
