Customer Reviews

An entry level playboater's tour of the western Nantahala River, with a section on the nearby Tuckaseigee River.

Great information on the Nantahala and Tuckaseigee. It makes a good planning guide for instruction on either river.

After canoeing the Nantahala recently, I bought Kelly's book to see if there was something I may have missed along the way. I wish I had bought the book before my trip! He lays out each section and explains the hazards and key strategies for each rapid. He explains the river so even a lay person can understand how you should approach this great river. I highly recommend this book for anyone who plans a trip down the Nantahala "Land of the Noon Day Sun".
