Just right for solving. Puzzles get progressively harder, but still solvable without having to guess. Now that's what the logic is all about. I even figured out a few new angles and I've been at this for years. Lots of easy & medium puzzles with a variety of solving skills so I think it's a good book to increase ones own skill level at a good pace. Good paper for using erasable ink pens. P S. If you goof a puzzle using erasable pens (only), you can erase the whole puzzle quickly by holding the paper in front of a heat vent for a few seconds or so. For some reason, heat makes erasable ink disappear (discovered that one day by accident when I left a newspaper puzzle near my portable

bathroom heater vent).

The product was good, not great, but it came promptly.

Just bought another of the same. Right for my level

Great puzzles. Most difficult are just that.

I love to work Jigsaw Sudoku Puzzles. I'm 80 and it's good for my old brain....

When regular sudoku gets to be too much of a drag, shake it up a little with jigsaw sudoku puzzles.

Not enough puzzles. Went through them too fast.

A nice variety of puzzles
