# The Shorter Catechism With Scripture Proofs

## Synopsis

In the opinion of B.B. Warfield, the Westminster divines left to posterity not only the most thoroughly thought out statement ever penned of the elements of evangelical religion but also one which breathes the finest fragrance of spiritual religion . Their most influential work, The Shorter Catechism, though more than 350 year old, is undoubtedly still one of the best introductions to the key doctrines of the Christian faith.

## Customer Reviews

This is a helpful companion to Starr Meade's Training Hearts, Teaching Minds. I prefer using the original language for the questions and answers of the Catechism rather than Meade's modernized language since the authors of the Shorter Catechism chose each word so carefully and diligently to represent truth. We are using these two books to teach and equip our four year old about Truth, which takes a lot of intentional discussions, but is bearing fruit already. And the price of this booklet is so reasonable that it doesn't hurt to try it out for your studies!

Small, nice design, and wonderful for backyard, camp fire question and answer, memorization and explanation. Price is just right to pick up a dozen and have family time over topics that seem to be mainly forgotten. This is a summation of what the Scriptures teach and is for our benefit as we discuss our purpose in life, our duties in life, and how we must treat one another. Each church has their own "confession of faith", whether written or not, this catechism expresses those beliefs in a Q/A format. Good size, quality binding.

I am enjoying reviewing what I learned in Confirmation Class many years ago. I am currently reading a book about the Ten Commandments and this Catechism is referred to in references frequently, so I am able to refer to it and study in more depth what my book is talking about. I would recommend this to anyone who would like to review their own Confirmation of their infant Baptism, dig deeper into Scripture and learn more about the Bible and our Christian Faith.

This is a solid bit of reading to help one grasp the principal teachings of the Bible.

Good value. Compact pocket size. Includes catechism questions, answers and scriptural proofs. Recommend.

Nice little book that is easy to carry along with you. The print is a good size for such a small book.

This book is a pocket size edition.

I had searched for the term, "the purpose of man", knowing it related to our relationship to God, but not knowing specifics. That search led me to the Catechism. I found this, ordered it, & have been most glad to have it. I bought some copies & gave them to family & friends. There is only one note in the book I disagree with, scripturally. I take comfort in the doctrinal statements that were prepared so long ago.
