Harley-Davidson

Synopsis

For 100 years Harley-Davidson has led the way in American motorcycles. Harley-Davidson: The American Motorcycle provides the full story of the finest Panheads, Shovelheads, Knuckleheads, and more, from the company's origins in 1903. Ron Hussey's superb photography captures all the details of the most interesting Harley bikes. Allan Girdler's colorful text tells the history of Harley-Davidson's street and racing bikes in a style that's pure pleasure to read. Customer Reviews

"...the first in a series of beautiful books that fill an overwhelming need - high-quality, well-written works that fuel the passion of young enthusiasts without insulting their intelligence. - Gregg Leary, Book Reviewer, SpeedTV.com
A good read for young men of all ages. Should be of greatest interest to teenage boys but it appeals to the young at heart!
- Military Writers Society of America, May 2006 Booklist, April 1, 2007
In their debut series for young people, the go-to publishers for automotive enthusiasts gets it right. These lavishly illustrated single-subject books ... will be hot commodities with younger kids as well as car-obsessed teens.
Note: The series is one of ten selected by the American Library Association as the year's top non-fiction picks launched in the last 12 months.
I personally recommend this book for all young male readers! A must-read book!

Allan Girdler is a well-known motorcycle and automotive journalist and former editor of Cycle World and Road and Track magazines. He has authored several books, including Harley-Davidson XR-750, The Harley-Davidson and Indian Wars, and American Road Race Specials. --This text refers to an out of print or unavailable edition of this title.

Lots of Harley info. Love the book.

arrived fast and in perfect shape! looked all thru it right away and it is as perfect as a brand new one can be! I'm very happy! And the content is great, it covers a bit of pre-sixties up to a bit of post-sixties. clear, crisp pics are all very cool and nice. It's just a great book!

Nice book

Bought for my husband, he loves it and reads it all the time! I can't really comment on the content as my husband is the one who reads it.

Gave to my father. He liked it.

Great, Awesome !!!No problems

love it

Although this doesn't address the latest developments of the Harley Davidson line this is an excellent overview of the watershed designs up to the late 1990s. A very well illustrated book with a prose style that is quite easy to read and enjoy. The author obviously likes his subject and provides in-depth, meat and potatoes information for the Harley enthusiast. Does a good job explaining engine and frame development and provides some excellent technical detail.
