Venice, Easy Sightseeing: A Guide Book For Casual Walkers, Seniors And Wheelchair Riders

Synopsis

VENICE EASY SIGHTSEEING guides visitors to famous buildings by showing them a route to walk 3-5 minutes from boat docks. 14 street maps near individual "Vaporetto" boat docks show how to get to the over 70 known sights and locations. Five areas of Venice; Marciana, Rialto, Frari, Dorsoduro, and S.Stefano also have sections and maps describing wheelchair accessible paths and sights for the disabled and visitors who like to have a chance for rest and relaxation during their vacations. Venice presents a challenge to even the more experienced travelers with its many high bridges, canals, ancient buildings and streets. VENICE EASY SIGHTSEEING helps guide tourists through the challenges that this city presents. It spotlights convenient shortcuts, elevators and bathrooms to make the trip easy for all travelers. This book also shows travelers with a minimum of experience with internet how to plan their own trips, purchase discounted travel tickets and make hotel reservations before they leave home. 12 concert and theater halls are located for the many inexpensive shows each night. S.Marco square is even a large "nightclub" each night after 8:00.

Customer Reviews

"Don Bowling Â shares his obvious passion for this magical city of ancient churches and canals, presenting an easy-to-use manual peppered with small tidbits of Venetian history and culture.Â From Rialto Bridge to San Marcos Square....each sight is listed with pertinent information including hours and ticket prices along with a section describing ease of access. Â In an extensive section on music and entertainment, the author lists details of Venice's most popular concert venues. Â A resource such as this is rare and the author does it justice." Â Kirkus

Discoveries" The information on transportation within Venice alone is worth the purchase price.
Â Buy it for a friend or loved one who doesn't travel because he thinks it's too hard to get around.

Â Â

Glad I bought this but it's not perfect. It organizes Venice by vaporetto stops. I'd like additional information on restaurants and shopping. Don't want to carry around two, or more, tour books. But it does what it promises- helps one with limited mobility navigate around Venice.
