Bert Sugar's Punchlines: The Best Of Boxing's Most Colorful Writer

Synopsis

The late Bert Sugar was a Runyonesque character known nationwide for his piquant observations of the fight game – at a time when boxing really mattered in American culture. It was nearly impossible to watch a bout of any merit and not see Sugar ringside with his trademark fedora and ever-present stogie, or to hear his raspy wit and stunningly accurate analyses. He was known nationwide for his piquant observations of the fight game and when he died in March 2012, tributes poured in from every major media – including the New York Times, ESPN, and all the television networks. In its obituary, The Times called him “boxing’s human encyclopedia, a prolific writer and editor and a flamboyant and ubiquitous presence in the world of the ring. He wrote about the sport with swagger and panache, a prose style that carried the weight of expertise and that simply assumed the authority to bellow and bleat. And no wonder. Bert Sugar was a classic. Now under one cover, here are some of the best quips and observations Sugar has to offer, a collection of his lifelong art of covering some of the most colorful and often controversial figures in the world of boxing, from Muhammad Ali, and Sonny Liston to Mike Tyson and Sugar Ray Leonard, among many others.

Book Information

Paperback: 256 pages

Publisher: Lyons Press (August 5, 2014)

Language: English

Customer Reviews

Bert Sugar was one of the most recognizable personalities in boxing and was regarded as one of the sport’s outstanding writers and historians. A colorful and irrepressible personality was a guaranteed ringside presence. The editor of The Ring, Boxing Illustrated, and Fight Game magazines and the author of more than 50 books, he died in 2012.

This book is a mixed bag. It's not the kind of book you read from cover to cover, but more of a sampler. There is not thru-line to it, but rather an assortment of anecdotes and observations. You can pick it up anywhere and start reading, so for that it's good. Sugar is an entertaining writer, but can't really match folks like W. C. Heinz and A. J. Liebling. A good book worth reading, but not absolutely essential.

Great
