Refrigeration & Air Conditioning Technology, Fourth Edition

Synopsis

Refrigeration and Air Conditioning Technology, 4E covers the fundamentals and practical applications for understanding and maintaining all heating and cooling systems. The comprehensive coverage of the basic theory, latest terminology, diagnostic methods, and repair procedures, combine to make this the most complete HVAC-R book available today. Advances in technology, procedures, and equipment are addressed throughout this new edition, with an increased emphasis on digital electronic controls and system efficiency. Certification and safety coverage are also expanded upon in this new edition.

Customer Reviews

Now retired from teaching and writing, Bill Whitman has contributed a wealth of academic expertise as well as industry knowledge to this book. Mr. Whitman graduated from Keene State College in Keene, New Hampshire with a bachelor's degree in Industrial Education. He received his master's degree in School Administration from St. Michael's College in Winooski, Vermont. After instructing drafting courses for three years, Mr. Whitman became the Director of Vocational Education for the Burlington Public Schools in Burlington, Vermont -- a position he held for eight years. He spent five years as the Associate Director of Trident Technical College in Charleston, South Carolina. Mr. Whitman was the head of the Department of Industry for Central Piedmont Community College in Charlotte, North Carolina, for 18 years. Now retired, Bill Johnson has taught heating, air conditioning

and refrigeration for more than two decades in various technical colleges and factory schools. A graduate of Southern Technical Institute, a branch of Georgia Tech in Atlanta, Georgia, he has also served as Service Manager for a major manufacturer for six years. Mr. Johnson owned his own HVAC/R business for 10 years and has been a member of the Refrigeration Service Engineers Society and the American Society of Heating Refrigerating Air Conditioning Engineers. His authoring credits include three major textbooks on the market today as well as their ancillary materials. He also writes a monthly article -- BTU Buddy - that is available online. John Tomczyk has worked in refrigeration, heating, and air-conditioning service; project engineering; and technical writing consultation for both the academic and industrial fields for numerous years -- enabling him to bring a wealth of experience to this text. He currently serves as Professor of HVAC/R at Ferris State University in Big Rapids, Michigan. In addition, he owns Technical Writing Services and is co-owner of Delta T Solutions, Inc. His technical articles have been featured in the Refrigeration News, Service and Contracting Journal, and Engineered Systems Journal. He writes monthly for the Air Conditioning, Heating, and Refrigeration News and is co-author of an EPA-approved Technician Certification Program Manual. Mr. Tomczyk also is the author of the book **TROUBLESHOOTING AND SERVICING MODERN AIR CONDITIONING AND REFRIGERATION SYSTEMS**. John Tomczyk earned his associate's degree in HVAC/R from Ferris State University. He earns a bachelor's degree in Mechanical Engineering from Michigan State University in East Lansing, Michigan; a bachelor's degree in Business Administration from Aquinas College in Grand Rapids, Michigan, and his master's in Education from Ferris State University.

As good as new :)

Pretty much the same as other editions, but great for the price if you don't have any editions.

Well written and illustrated. I pumped down and charged my system after reading key chapters.

Great fit. Great shipping

All was good.

Good book and still relevant

Very , very good text in great condition.

Great book to have
