Customer Reviews

I really thought I was buying a 'book' on Airbrushing. It is more like a phamplet. Small, and a grand total of 33 small pages. The diagrams and pictures are almost useless, they are so bad. Save yourself some money and get something else. I found little in the 'book', that is very useful at all. 'Techniques' are a grand total of about 4 pages, with little to no diagrams or pictures that are useful.

Good Book.
