This book was very very fun to read. The bear type descriptions were well written, though clashed a bit with some other descriptions I've read. But that's the beauty of this community: it's damn hard to pin down and label in only one "true" way. The location listing were especially insightful and are sure to provide a great base for future travel plans. Also, the little illustrations of each type were a cute touch. One of my favorite aspects of this book, however, has to be how each of these type are portrayed as a character and they all interact with one another. It really brings the book home.

The creators of the Modern Bear website now offer this interesting little tome. Great advice and comic descriptions. Must visit locations, shops, bars etc is invaluable to any bear!

Ok light reading but was hoping for more. Basically describes in humor the various types of "bears" in gay culture. Was hoping it would be a bit more serious giving a history of bear movement and less of an advertisement for shops/eateries/bars that we supposedly hang out at. I'm glad I saved

some money and bought the Kindle version.

very happy with this product

GUIDE FOR THE MODERN BEARIt was FUN.... and INFORMATIVE..... very excellent in every way...Would send it to family and friends for Birthday or Holiday.... or just for FUN !!!

im very satisfy with the modern bear book!congratulations to the writer travis smith & chris baleawesome guide for gaybears and ademirers...

Was exactly what i was expecting.

Bought as a gift and they couldn't be happier. I was impressed so I had to get one for myself and my coffee table. Funny and informative.
