The Secret Footballer: Access All Areas

Synopsis

Ever wondered how to build a football club? What a typical match day feels like for the players on the pitch and those behind the scenes? From scouting systems to managing the big names (and their egos), merchandise deals to hotel life, the Secret Footballer takes you into the fascinating world of professional football and shows us the hidden side of a world we think we're familiar with. We get the fights and fornication, the revenge stories and scandals; he profiles the legends as well as the backroom boys and the unsung heroes. Funny, shocking and always entertaining, this is the Secret Footballer at his most revealing and irreverent yet.

Customer Reviews

I found this book mentioned on Twitter so saved the screenshot until I was ready for a football read. What can I say - thought it was an amazing insight to the sport I love so much - always realised there was a "dirty" side to the running of clubs etc but never expected it to be written in black and white for me! A thoroughly enjoyable read - I'll certainly buy the preceding books by TSF - top man!

I enjoy TSF books - I enjoy the reality and depth. I would recommend this for anyone interested in what happens in the game that the regular person doesn't see.

Not as good as the earlier books

really interesting. If you're a soccer fan you have to read this book!

Ok

Great read for anyone new to the game and wishes to gain a base understanding of the game's various facets.

Great read
