Submissive Training: Be Sexual Vulnerable, Explore Your Fantasies And Transform Your Sex Life To Spectacular Experiences

Synopsis

Thanks to 50 Shades, BDSM has gotten more attention than ever. Unfortunately, the novel doesn't really provide neither a comprehensive, nor accurate look into the lifestyle. Submission is a rather taboo topic, and many tend to shy away from it because of that. However, in this audiobook, we are going to break through some of the misunderstandings of submission. This audiobook covers a lot of deep information about being a healthy submissive including: When submission is no longer submission Why submission is good for you Communication How to be in control - even though you aren't And much, much more! Prepare yourself for an amazing experience!

Customer Reviews

This is a great book on Submissive Training. All of the things, tips and guides that I need to know about "be sexual vulnerable, explore your fantasies and transform your sex life to spectacular experiences" are already included and well written inside. The author has done an incredible awesome job in compiling and creating this book. Also the unique part of this book is the compilations of the "How to be in control even though you aren't" and "How to be in control even though you have a partner". Very informative, useful and well explained. This book is really a great resource for those who want to learn more about Submissive Training.

The world of BDSM is a controversial one. There is much out there that some people have little understanding of or only have a concept from what they have read

in a fictional book or watched a movie. There is so much more to it than that. The BDSM world is so versatile that there is too much to cram into one book. What this book does give you though is a valuable insight into this world.

This is an interesting book on submissive training. It goes in detail how a submissive person has to behave and meet dominant needs. BDSM, Submissive training techniques are explained in simple terms and it was a good read. If you are looking for submissive training/BDSM books, you may enjoy this book.

The author has done an incredible job of drafting and creation of this book. This book highlights important moments in these relationshe transformerait your sex life in a thrilling adventureVery useful and practical book.

If you want to dive deeper into sex, this book is for you! The book contains many descriptive material, suggestions and tricks how to diversify sexual life.

Absolutely amazing! I've always been curious about bsdm, and this book is a great introduction to it all. I think this is a great book for the novice submissive, and I think they were in life can make something of this. I found this book very helpful. Very well written and easy to follow.

Very, very interesting book. Would definitely read again

The open my mind the possibility of becoming to be submissive to my partner. Well I can say the book capture my attention on the things or ways on how to become a submission lady to my husband. I must agree to the author that some women are not fully support on this idea of submission. The book is creatively and well written material. Good job!
