Biker's Little Secret: Carolina Devils MC

Synopsis

The baby was supposed to be our little secret. The last thing I needed was to be some glorified bodyguard. A glorified bodyguard to someone who taunts me with every step she takes. Someone who leaves me aching for release each time she looks at me. I was supposed to keep my hands off her. Instead, I left my baby growing inside her. Her father put me in charge of keeping her safe. He gave me one rule: keep my hands off her. But I can see it from the way she looks at me that we both want the same thing. Her pinned under me. Her screaming my name. It was supposed to be a one-time thing. Nobody was supposed to find out. Until I knocked her up and all hell broke loose. Now the secret's out: She's carrying my child, and her father's out for my blood. But no way in hell am I giving up what's mine. *Biker's Little Secret* is a full-length, standalone romance novel with steamy hot sex, NO CHEATING, strong language, a happily ever after ending and NO CLIFFHANGERS. Contains dark and disturbing themes, and over the top sexiness that may be uncomfortable for some readers.

Fawn and Dax have been friends since childhood. Both grew up in the mc world. Fawn moves away for nursing school. Dax stayed behind and become vp. Her dads still president.she moved home but wants nothing to do with that world. Until dax and her got together and now she is pregnant. What will happen? One click to find out. I recieved this book as an arc and i am giving my honest review voluntarily

I hardly ever leave reviews but i couldnt get past 20% in this book it was like every page was the same and i couldnt take it anymore and i hardly ever delete a book without finishing it i usually make myself stay with it but this book i just could not make myself. With that said benefit of the doubt maybe it was just me and i couldnt get into it maybe if i had read further it would have turned around...i just couldnt get there..sorry.

Fawn and Dax were best friends when they were kids, both grew up in the MC Club! Fawn moved away to attend nursing school and to pursue a career and Dax remained behind to become V.P of the Carolina Devils and both go on with their lives and other relationships. Fawn doesn't want to be a part of the MC club even though her father is the President, however, Fawn does return after accepting a job with the local hospital and the sparks fly between Fawn and Dax from the moment they lay eyes on each other again! After a one night stand they both agree that they cannot pursue a relationship together for one reason or another, one being that Fawn is the President's daughter. When Fawn finds out that she is pregnant with Dax's baby will the commitment shy Dax step up to the plate and what will happen when the President of the Carolina Devils finds out that his daughter is pregnant with the V.P.'s baby? You will have to read this book and find out!! voluntarily reviewed an advanced reader copy of this book. However, I liked it so much that I one clicked a copy and you should too!

You can't go wrong with a Brook Wilder book and this one tops the charts! I had a fascination with motorcycles as a young girl and discovered my first MC book many years ago. There's just something about a biker and his lady love! This is a friends to lovers kind of story featuring Dax, who is now the VP of the club; and Fawn, daughter of the club Prez. Fawn left home to obtain her nursing degree and when she returns home there is an instant spark between her and Dax. Can we say "combustible chemistry" ignites and emotions get out of control. What will happen when Fawn becomes pregnant? There will be lots of obstacles thrown in their path and conflicts abound. Will they get their HEA? One click to see if their dreams come true. I received a complimentary copy of

this book and voluntarily left my review.

Fawn and Dax, grew up together in a motor cycle club atmosphere. Dax took on an important role in the club, Fawn fled from the club and it's atmosphere. She went on with her life earning a nursing degree. When her job search brought her back to her home town she and Dax feel the heat between them that has simmered for so many years ignite. When Fawn becomes pregnant things get "complicated". The couple works their problems out to finally achieve their HEA. I was given an ARC of this book and am so glad I was and am able to voluntarily review it. Ms Wilder never disappoints.

I received an ARC for my honest opinion. Fawn and Dax have known each other since they could walk. Fawn's father is the president of an MC. She doesn't want that life and moved away to become a nurse. She comes back home after a nasty breakup and her father wants her to have protection so he assigns Dax. The rival MC is causing problems and he doesn't want them going after her. Things heat up between Fawn and Dax. But you will have to read it to find out.

Fawn returns home to start a new job. She runs into her childhood friend Dax. They have always had chemistry but were only friends growing up. Since she is back home Dax has been given the task of keeping Fawn safe. Now that they are spending a lot of time together their feelings become too much. This was a really good read, definitely recommend!! voluntarily reviewed a ARC in exchange for a honest review

I am a big fan of Brook Wilder and her MC genre and this one does not disappoint. Dax is a strong, realistic character but not a jerk. Fawn is a tough cookie, trying to fight her family and history rather than embrace it. In the end she realizes that it does not matter if her family and Dax are bikers, they love her unconditionally. I voluntarily reviewed an Advance Reader Copy of this book.
