The Secret Of Spellshadow Manor 2: The Breaker

Synopsis

The highly anticipated second book of the Spellshadow series. "We walk in dreams," the Head had said. "It was only a matter of time before a nightmare followed us back." Kingstone Keep. Falleaf House. Stillwater House. Spellshadow Manor. Seek these places, and do not leave them. Cower within their walls..." Alex doesn't have all the answers yet, but he and his friends are running out of time. With Amir's new position as a professor, they hoped he might be able to help them make a breakthrough in uncovering the Manor and its Head's secret, but it soon becomes terrifyingly clear that Amir's situation is anything but advantageous... As rules begin tightening around Alex like a noose to his neck, he is forced to rely on his own strengths more and more -- and when events at Spellshadow take a truly shocking turn, it will take all that he has not to break... Prepare for a hair-raising ride. Buy now.

Customer Reviews

Good storyline, constantly keeping you on the edge of your seat. It's been a while since I've read 2 books in a series as fast as I did these. I had a hard time breaking myself away to get things done around the homestead. The only parts I had issues with were the description of the spells described by Alex could've been less descriptive. I mean did I really need to know every movement of the mage spells? If magic was real, maybe. A brief description would've sufficed and there were times when it was brief, just not everytime. Other than that I can find nothing else to complain about. I hope the 3rd book doesn't start to fizzle out as a lot of books do after the 1st one because I am looking forward to book 3. I'm hoping that little weasel Alias gets what's coming to him and I don't want the story to end but I do hope Alex, Natalie, Jari, Ellabell, and Aamir get to go home at some point. Maybe they could go home and explain to their parents what has happened but they will have to go back and help the others to escape.

The second book of The Secret Of Spellshadow Manor is a great read! If you love mystery and excitement and relatable characters you will love this book.

Like the first book, this one kept me on the edge of my seat. I can usually predict where a story is going, but this series is intriguing. It creates enough suspense to keep me interested but not too much where I'm utterly frustrated. Good series so far. I'm hoping the next release in June is the end of the series, though. I hate waiting for the next editions to be released.

Title: The Breaker
Series: The Secret of Spellshadow Manor
Author: Bella Forrest
Designation: Book Two of Series, Full-Length Novel (400 pages), NOT A Standalone, Cliffhanger Ahead
Genre: #fantasy #sciencefiction #actionadventure #mystery #comingofage #romance
Reading Platform: Kindle Edition (Verified Purchase US)
My Rating: Five Spellbinding Stars*****
Oh my! Oh my! Oh my!
Bella Forrest rocked my world AGAIN with The Breaker, the second release in her captivating new magical fantasy series, The Secret of Spellshadow Manor! And great balls of fire, it's even better than the first! Forrest has been a busy little beaver! After publishing a new season of the international bestselling A Shade of Vampire series in the past twelve months as well as introducing two other new blockbuster series, The Gender Game and the Detective Erin Bond mystery thriller series, you'd think Forrest would be ready to sit back and take a breather. Nope, just the opposite! I honestly don't think Forrest ever sleeps. Not that I'm complaining... not one little bit! Like thousands of my fellow Bella Forrest fans around the world, I've been hooked since the first book of Forrest's megahit A Shade of Vampire series and now 43 books later, I still eagerly await each new release. I

don't even care what genre it is. If Forrest writes it, I'll read it! And it comes as no surprise, Forrest has delivered another new installment in this gripping fantasy adventure that curls our toes, makes our hearts pound and keeps us begging for more! The Secret of Spellshadow Manor is a beautifully written young adult saga unlike any I've ever read. If you loved Harry Potter or Percy Jackson and the Olympians, The Secret of SPellshadow Manor is definitely for you. Quite simply, it's an irresistibly delicious all-you-can-eat buffet of magic, fantasy, action, adventure, mystery, danger, suspense, angst, and blossoming coming of age romance. But never fear, my friends, it's also a deliciously tasty treat for us older adults who remain young at heart! The story is well crafted, imaginative, thrilling, fast paced, action packed, suspenseful, sweet, romantic and at times, also dark and mysterious. Whew, what a mouthful, but these are only a few of the words that come to mind after reading The Secret of Spellshadow Manor. The narrative is exceptionally well written in the third person with a primary perspective from seventeen-year-old high school senior Alex Webber of Middledale, Iowa. The dialogue is smart, well executed and flows effortlessly. Although the premise and storyline for this series is beyond intriguing, and the vividly depicted world of Spellshadow Manor is nothing short of extraordinary, it's truly the cast of complex characters that truly steals the show. They are well developed, fascinating, engaging, endearing, and most importantly, memorable. They literally explode from the pages, grab your imagination, capture your heart and hold you completely enthralled from beginning to end. Forrest skillfully combines every single one of these elements to craft a beautifully written coming of age fantasy filled to the brim with magic, danger, action, adventure, fantasy, mystery, suspense, magic, loyalty, and heartbreak, lies, deceit, secrets, angst, young love, and plot twists that will blow your mind. After reading every single one Forrest's books, there are two things I've learned beyond a shadow of a doubt. First, when reading anything written by Bella Forrest, always expect the unexpected and two, absolutely nothing is ever impossible as any of her readers have witnessed time and time again. In each book Forrest pens, she takes her readers on an emotionally thrilling roller coaster ride, unlike any other, one that keeps us on the edge of our seat and riveted to each page while screaming, "OMG - that didn't just happen!" And the icing on the cake, Forrest's books are always exceptionally well-crafted, edited, formatted and have gorgeous covers! Did I like this book? No, I LOVED it! Would I recommend it? You bet, and I am, for ages 12 to 112. Will I read this author again? Of course, just as soon as Forrest publishes her next book. Forrest has the most extraordinary imagination of any author I've ever read, one which knows no bounds! And finally, was I entertained? OMG, YES! Completely! I was glued to my seat, completely enthralled, white-knuckling my ereader with my heart beating wildly in my chest as the pages flew as quickly as the time, and all the while

screaming, "Don't do it!" OMG! I was a nervous wreck! lol... I can hardly wait to see what's in store for Alex, Natalie and their friends in Book Three, The Chain! Fabulous entertainment and an awesome read!

Book One: Unlike his friends, seventeen-year-old Middledale, Iowa high school senior Alex Webber spends all his free time learning to write computer code and building websites. He's becoming quite the young entrepreneur. Unfortunately, his efforts are born from necessity rather than pleasure. Since Alex's mother was diagnosed with a debilitating long-term illness leaving her unable to work, he desperately needs to earn enough money to supplement their meager monthly income. Hosting a foreign exchange student was supposed to be just another way to add much-needed funds to their dwindling monthly budget... until Alex meets the student...a lovely young seventeen-year-old female student from France named Natalie Chevalier. Oh my! What normal red-blooded seventeen-year-old young man wouldn't appreciate the beauty of a charming french girl, right? When the two teenagers meet, they instantly become fast friends with each looking forward to the upcoming new school year. They're just a couple of normal teenagers who want to enjoy their senior year, right? Hmm... But Alex and Natalie may not be quite so normal after all. What happens when these two seemingly unremarkable young people, brought together by fate, realize they may not be as ordinary as they thought? In fact, they may be quite extraordinary. After seeing a strange and very frightening ghostly figure following Natalie, which apparently no one else could see, Alex is faced with a life-altering decision that may interrupt his well-laid plans and change his life forever. But there is only one choice for the pragmatic yet sensitive young Alex - no matter the risk, he must protect his new friend Natalie. But at what cost?

The Breaker: Book 2 It's been several months since Natalie was abducted by the ghostly phantom known as Finder, and Alex was mistaken to also be a new recruit for the magical school located within the walls of Spellshadow Manor. No matter their efforts to escape, Alex and Natalie find themselves still imprisoned behind the ivy-covered walls of the mysterious manor. There's only one little problem and it gets worse with each passing day. Unlike the other students at the school, including Natalie, Alex has no magical ability at all. In fact, his problem is just the opposite. Alex discovers he is a spellbreaker and possesses an inherited genetic trait enabling him to wield a power called anti-magic, an anomalous force which counteracts magic when used correctly. But according to the limited information available, it appears Alex may be the sole surviving spellbreaker. And why is he the last? Because the other spellbreakers have been hunted to extinction and destroyed by Finder and his predecessors, which means his unnatural new ability is very dangerous to his continued well-being at Spellshadow Manor and must be kept a secret. Of course, we all know seventeen-year-olds are never good at keeping secrets, especially not when he needs the help of

his friends Natalie, Aamir and Jari to cover for his lack of magic. Unfortunately, Aamir may no longer be an ally. Alex's friend and former roommate, Aamir Nagi, is now Professor Nagi. To avoid the impending questionable fate of 'graduation', two weeks ago Aamir challenged and defeated the now missing Professor Derhin in a magical duel. Alex and his friends had hoped this would give them an advantage, possibly helping them to escape, but by all outward appearances, Aamir now seems to be controlled by a magical golden band placed around his wrist by the headmaster of the school, The Head. Yup, you read that correctly; the headmaster is named The Head and he is one scary dude! Nothing is as it seems but Alex is still determined to rescue Natalie and orchestrate their escape. Join our brave, young heroes as they continue their perilous adventure where they must learn to navigate the ever-changing hallways of the mysterious, magical, and very dangerous new world of Spellshadow Manor, where nothing is as it seems, and where one mistake could cost them their lives. For lurking in the shadows at every twist and turn, Alex discovers even more treacherous forces, laden with dark magic and murky secrets, all waiting to make an appearance. But are they friend or foe? We'll see!

Great book. Can't wait for the next. Bella you don't disappoint. Very easy read. Finished just in time for book 3.

Great Ending!! The story definitely picked up some in this book! Cant wait to see what happens next! I really enjoyed it!

waiting FOR MANOR 3.... Bella Forrest takes us in a entire different fantasy world.

Great second book in this magical series. The characters continue to grow toward their destinies. A grave battle leads our heroes to an unknown destination as we learn more about Spellshadow Manor and the people who run it.
