# Children's Quick And Easy Cookbook

## Synopsis

A children's introductory cookbook with 60 mouthwatering recipes presented in full-color, step-by-step photographs and instructions. Children's Quick and Easy Cookbook is packed with delicious, easy-to-follow recipes that any child can make, from super-fast snacks and speedy meals to treats and sweets. From classic omelets to chicken chow mein to hot chocolate soufflÃ©s, it includes dishes the whole family will want to eat. Feature boxes highlight all the necessary ingredients for each recipe, and photographs of finished dishes will inspire kids as they cook. Perfect for the whole family to enjoy together, Children's Quick and Easy Cookbook introduces children to the joy of cooking and eating good foodâ "that they have made themselves!

Age Range: 5 - 8 years

Grade Level: Kindergarten - 3

## Customer Reviews

Do restaurant menus featuring full-color food photos kick your salivary glands into high gear? Angela Wilkes's inviting, heavily illustrated cookbook offers the same satisfaction of seeing exactly what you're going to get--along with the ensuing hunger pangs. Children can follow each recipe step by step, with photographs that show what you're supposed to do, how to do it, and when. Thankfully, the 60 recipes are appealing dishes the whole family will want to eat, from Salade Nicoise and Filled Crepes to the more basic Tacos and Guacamole and Spicy Chicken Burgers. The chapters include: "Before You Start," "Kitchen Rules," "Super-Fast Snacks" (Cheater's Pizzas, Crunchy Crostini, Fruit Smoothies), "Speedy Meals" (Classic Omelettes, Vegetable Soups, Chicken Curry and Rice); "Delightful Desserts" (Lemon Cheesecake, Fruit Crumble, Tiramisu), "Treats and

"Sweets" (Oat Bars, Chocolate Dips, Macaroons), "Picture Glossary" (Grilling, Stir-Frying, Marinating), and a helpful index. The book provides quantities of ingredients in both imperial and metric measurements and clearly organizes the ingredients lists. The overall effect is dazzling--youngsters will find themselves right at home in the kitchen, whipping up simple or elaborate dishes with confidence and glee. (Ages 9 to 12) --This text refers to the Hardcover edition.

Grade 4-6?This beautiful cookbook, full of eye-catching photographs, is a companion piece to The Children's Step-by-Step Cook Book (DK, 1994). The recipes are categorized by snacks, speedy meals, desserts, and treats and sweets, with no repeats from the first book, but similar in type. However, the collection is overpowered with sweets, and the categories are not precise; instead, they overlap a great deal. Cooks' tools are listed, not pictured as they are in Step; ingredients are pictured in a smaller, boxed area. The method steps are similarly numbered, pictured, and described, and the final dish is pictured and labeled in both books. Unlike Step, Quick gives preparation time; it is a range of 7-40 minutes, the latter of which some young cooks would not agree is quick. The recipes in both books are inviting and are composed of real ingredients rather than mixes. The table of contents contains full-color photographs as well as descriptions, so that readers can know just what to expect from "Crunchy Crostini," "Fishcake Flounders," "Tiramisu," or "Flapjacks." Libraries that can afford them should have both titles. Bon appetit! Carolyn Jenks, First Parish Unitarian Church, Portland, ME Copyright 1998 Reed Business Information, Inc. --This text refers to the Hardcover edition.

I purchased this book for an 8-year-old. Dishes in the cookbook are not what this little boy would consider cooking. I should have checked the index before purchasing. Nice color plates for dishes. Book is well made and would withstand a lot of use and abuse

This was a Christmas gift for my 7 year old granddaughter. She loves it and uses the recipes all the time. Watching MasterChef junior really made me realize what young kids are capable of and my granddaughter loves to cook. So this was a win win for sure!!

Love the pictures and simple recipes. We're giving it as a gift but my kiddos have looked through it and really like what they see.

I am not the audience for this book, my kid is. This is a step up from "Kiddie" cookbooks, but still

very kid friendly. He's been enthusiastically picking recipes and helping me shop for ingredients, so that's a win from my perspective!

Lots of easy and tasty recipes for kids. Purchased this for our 5 and 7 year old, and they make at least 1 recipe a week.

This cookbook is not what I could call your basic kids' cookbook. I feel it would be good for older children or for children who have a flair for the gourmet. The recipes have more ingredients and more steps than the usual children's recipe, and a few of the recipes are for dishes that most kids wouldn't touch with a ten-foot pole, such as "Salade Nicoise" with anchovies and black olives. Of course you could always modify the recipe. The good thing about it is that it has nice pictures of the finished item and several of the steps. All in all, I am not sorry I bought this book, and like every cookbook, it is "hit and miss" recipes, but we rely more on "The Everything Kids' Cookbook," for more basic recipes, even though it doesn't have nice pictures like the DK book does.

Not impressed. The recipes included in this ccokbook are not things my grandchild would eat.

My Youngest Granddaughter has a interest in cooking so for her Birthday I decided to start buying her some cook books. She and her older sister bake the day she received the book Chocolate brownies.
