This calendar is very pretty but way smaller than what I thought. I probably should have read the dimensions but regardless the calendar is also very cheap. Seems like is was something someone could have made at home. The paper was thin and the binding not very tight. Definitely not worth \$8

So cute!

This calendar is beautiful. It is small, about the size of a spiral notebook, but I knew that when I bought it. I do wish it was a bit larger, and the pages were thicker, but I am overall pleased. I will admit, if the design wasn't so pretty and colorful I would have knocked off half a star for the page thickness.

Smaller than I thought it would be, but it's pretty. The school year timing is also nice if your job or life seem to be more on that timeline!

Love this format-it's so nice to hang on the wall but it's much smaller than a normal calendar. It's so pretty too, great design!
